Aldbourne Parish Call for Sites for Housing to Meet Local Housing Needs

Our particular focus is to seek sites for local and affordable need.

21ST OCTOBER TO 30th NOVEMBER 2019

A key and required stage for the Neighbourhood Development Plan is to establish a list of possible development sites that local landowners wish to put forward for consideration.

This process is termed a 'Call for Sites'. The Call for Sites began on 21st October and it was open for 6 weeks.

Any sites put forward will then be assessed by the Aldbourne Neighbourhood Development Plan Steering Group, supported by our consultants. Only after sharing the results with the community would any of those that came out with a positive assessment be considered for possible inclusion in the Neighbourhood Development Plan.
